## Need Unity, Poston Says

SIU Expert Lists 10 Steps to Get Industry at Court House Meeting

Richard Poston told people in this area Friday night that development of unity is needed to accomplish the procurement of industry, adding that organizing properly is not an easy task.

"You haven't had unity," declared the head of the Community Development department of Southern Illinois University in an address at the Saline county court house. "If this meeting means that the area is about to begin an era of unity, you're on the right track."

"And," he continued, "if you are to do anything successfully, it will be necessary for the people of all the towns to do something by their own efforts to improve the towns. Southern Illinois University will help in any way we can but you'll have to get industry yourselves. We cannot solve your problems, but can only help communities help themselves."

### Lists Ten Steps

He stated that unless the drive initiated to bring industry into the area becomes an effort of all the people, based on tolerance and trust, unless a brotherhood of man is developed, "your efforts are doomed to failure."

Poston lists ten steps to be taken in moves to get industry:

1. Determine your physical limitations. Concentrate on getting what you can take care of.
2. Look at the town or area realistically—like a stranger would if he came to town. Put your house in order before you try to sell it.
3. Take advantage of professional sources available to you. You will need lots of data to show how your area compares with other areas.
4. Make an industrial survey of the area—not a promotional booklet because there are thousands of these all sounding alike—but a report on wage rates, specific site information.
5. Set up a organization to deal with industry in an efficient manner — an organization representative of all local interest groups. And the organization will have to have lot of money on the line. The manufacturer will want to know "can you do it or can't you?"
6. Seek out leads for new industry.
7. Select carefully a spokesman—a person you know can present the town in an effective and businesslike manner. You must back your spokesman. Don't promise things you can't deliver.
8. Trust the spokesman and don't expect him to be a miracle man.
9. Don't start buying until you're through selling.
10. Keep selling the prospect un-

## Funerals Sunday For Lassefer And Webb Boy

Rites Held Today For Two Other Victims Of Highway Collision

Times of the funerals of Marion Lassefer and of Bertis Lee Webb were announced today. They were two of four killed in a highway crash Thursday night.

The Lassefer funeral will be at 2 p. m. and the Webb rites at 4 p. m., both Sunday at McKinley Avenue Baptist church where Mr. Lassefer taught a boys' Sunday school class and Bertis was one of his pupils.

The Rev. J. D. McCarty, pastor of the church, will conduct the services. The body of Mr. Lassefer, who operated the Midway Market at Sloan and Granger, will be buried at Raleigh Masonic cemetery. Burial of the Webb boy's body will be in Liberty cemetery. Bertis is the son of Mr. and Mrs. Raymond Webb of Buena Vista.

The funeral of James Leigh Smith, son of Mr. and Mrs. James E. Smith, and another Sunday school pupil of Mr. Lassefer, was held at McKinley Avenue Baptist church at 2 p. m. today with Rev. McCarty conducting the rites.

Also held this afternoon was the funeral of the fourth victim, Earl Eugene Brown, Eldorado. It was held at the Eldorado Church of God with the Rev. A. N. Plunkett conducting the rites. Burial was in Wolf Creek cemetery.

### Four in Hospital

The four were killed when cars driven by Lassefer and Brown collided on Route 45 about four miles north of Harrisburg. Four other Sunday school pupils, Robert Taylor, son of Mr. and Mrs. Norman Taylor, Billy Watson, son of Mr. and Mrs. Bill Watson, Joe Allen Moore, son of Mrs. Mildred Moore, and Edwin Cannon, son of Mr. and Mrs. Maynard Cannon, all of Harrisburg, were hospitalized with injuries after the crash.

The Moore boy, taken to Lightner hospital after the crash, was moved to St. Mary's hospital in Evansville yesterday in an ambulance from the Turner funeral home.

The boy was suffering from a spinal injury and shock and was partially paralyzed but was doing as well as could be expected, it was reported.

From Ferrell hospital in Eldorado it was learned that the Cannon boy suffered a fractured skull, fractured nose, fractured jaw and fractured leg.

The Watson boy was released from the hospital yesterday afternoon.

## No Bargain Counter To Heaven, Billy Graham Says

NEW YORK (AP)—Evangelist Billy Graham said Friday night that the quickest and easiest way to heaven is to "take up the Cross and follow Jesus Christ."

The 38-year-old North Carolinian said "There is no bargain counter to the Kingdom of Heaven, there are no short cuts to success—it takes training, it takes work."

He told a Madison Square Garden audience of 15,500 persons that when man shops for sin or salvation he finds that "sin is bought on the installment plan and it costs you your life in hell forever."

Graham told the story of the rich man who asked Christ how he could attain eternal life.

"Jesus said, 'Go sell all you have, give the money to the poor, and take up the cross and follow me,'" Graham said.

He added that because all men are offered salvation through Christ, "all of us are rich," but too many people have chosen other forms of riches.

## Fairfield Woman is Killed, 10 Persons Hurt in Auto Collision

## At Least Three Dead

## Rains of Up to 10 Inches Flood South Central Illinois; Some Highways Closed

By United Press

At least three deaths were attributed today to flooding rains spawned by hurricane Audrey which poured up to 10 inches of rain on south central Illinois Friday.

The rains forced many families from their homes, pushed rivers and creeks over their banks, flooded thousands of acres of farmland and closed highways.

Lewis Stockton, Sun Valley, Calif., was drowned when his automobile skidded off U. S. 36 near Chrisman into a ditch filled with 10 feet of water.

Julian Kirk, 19, Sullivan, was electrocuted when he touched an extension cord while trying to remove a washing machine from a flooded basement.

Scott Haberkorn, 7, was killed when a car skidded on a rain-soaked highway near Onarga and crashed into his grandfather's car.

The rains dumped 9.7 inches on Shelbyville and pushed the Kaskaskia River over its banks, flooding streets and basements

and knocking down a New York Central railroad trestle.

The Kaskaskia river also rushed through levees broken by previous floods at Vandalia and flooded 50,000 acres of Fayette County farmland. Thousands of other acres were flooded in Effingham County.

Families were forced to evacuate their homes at Paris, Charleston and Mattoon, all hit with 7 to 9 inches of rain.

The rains damaged the east dam on the Twin Lakes at Paris.

At Hillsboro three power company linemen whose boat capsized when they went out to repair a utility line took refuge in tree tops and had to be rescued by other boats.

Highways throughout the flood area were closed Friday, including Ill. 48 between Taylorville and Raymond; Ill. 16 west of Hillsboro; Ill. 29 east of Taylorville; Ill. 40 near Marshall; Ill. 130 south of Charleston, and Ill. 121 between Toledo and Greenup.

## General Assembly Acts On Final Legislation; to Adjourn Today

SPRINGFIELD (AP)—The 70th General Assembly, with a Senate vote on a plan for annual legislative sessions the only major business left on its calendar, planned to finally adjourn its six month session before noon today.

The proposed constitutional amendment for annual sessions was expected to be killed in the Senate since it includes a provision for four year terms for House members.

The House had to vote on a proposed constitutional amendment introduced and adopted after Democrats charged it would put "politics" into administration of state relief programs.

The present Public Aid Commission is a bipartisan group. The head of the proposed new department would have been a political appointee of the governor.

The House then knocked down two other bills aimed at tightening up the state relief program. One would have raised the Illinois residence requirement for getting relief from one year to three, and the other would have given relief agencies a lien on the estates of relief recipients.

The House gave final approval to a mild lobbyist registration bill that requires only that lobbyists register with the secretary of state and pay a \$5 registration fee.

A tougher measure that would have required lobbyists to file reports on the money they spent trying to influence legislation was defeated earlier.

The House stamped final approval on a bill to create a permanent commission on higher education to include representatives from private and public colleges and universities in the state and advise the Legislature on higher education needs and policies.

The House then passed a bill to create a permanent commission on higher education to include representatives from private and public colleges and universities in the state and advise the Legislature on higher education needs and policies.

## Helicopters, Bulldozers Hunt Louisiana Area

Thousands of Snakes Driven Into Stricken Towns

LAKE CHARLES, La. (AP)—The Fourth Army, threw its full resources into the hurricane-shattered, snake-infested Louisiana coastal area today in an effort to find out quickly exactly how many persons a giant tidal wave did kill.

The death toll thus far stood at 161, including 11 killed in Texas. The others were killed along the southwestern Louisiana coast, mostly in the fishing town of Cameron, as a nine-foot tidal wave washed from the Gulf of Mexico into the lowland.

The Fourth Army ordered every helicopter at Fort Polk, La., into search and recovery service along the coast. It ferried giant bulldozers down the Calcasieu River to turn over water-logged wreckage and see whether there were bodies under it.

Ambulances were shipped to the drying-out coast and a radio network was set up to replace broken civilian communications, so that every scattered town and community could be methodically searched.

The tidal wave, surging into bayous, drove thousands of venomous moccasins snakes from brambles into the shattered communities and towns, which are on ground a little higher than the swampland. They were angry and struck at everything in sight.

One woman lost three children by drowning and then had to watch the fourth die from a snakebite because there was no doctor to treat him.

Icehouse Becomes Morgue

As the dead were collected, they were stacked in an icehouse at Cameron. The hot sun putrefy them. Another icehouse was ready at Lake Charles, 30 miles north of Cameron, where identification experts will try to identify and tag them.

A boatload of bodies was due in Lake Charles from Cameron today. Survivors who had been brought to Lake Charles and who were missing relative were expected to meet it to see whether they can identify the bodies.

Among the refugees sent to Lake Charles and other south Louisiana cities were five babies, born at Cameron during the height of the hurricane.

Rumors circulated — many of them out of the number and complexity of reports of missing relatives among refugees—that many more were dead in the ruins of half-a-dozen little coastal villages.

One rumor was that Sacred Heart Catholic Church between Cameron and Creole collapsed under more than 30 persons who had taken refuge in it.

The survivors were put up at McNeese College in Lake Charles. About 1,000 rescue workers, including Army, Air Force and Coast Guardsmen, were at work in Cameron today.

President Send Representative

President Eisenhower, keeping in touch with rescue operations, dispatched former Civil Defense Director Va. Peterson to Cameron to get first-hand reports of the disaster.

Eisenhower ordered Peterson to the scene as his "personal representative" to coordinate relief measures.

The President also threw "every possible federal facility" into rescue relief operations.

Sheriff O. B. Carter of Cameron said "4,000 people were in the area before the hurricane struck but 15 per cent were evacuated."

## Notes from Farm Adviser

A suggestion to those who are  
planting corn late (seems that's  
the only way much of it will be  
planted), use plenty of potash and  
phosphate to hasten the maturity  
of both corn and soybeans. A  
0-30-30 or 0-20-20 has much more  
value than 3-12-12 unless twice as  
much of the lower analysis is used.

Livestock men should control in-  
sects on all classes of livestock.  
The ordinary barn flies or the  
small patches of flies on the back  
of cattle reduce the weight and  
growth of cows and calves about  
40 to 50 pounds during the sum-  
mer months. In other words, if

flies are controlled with DDT or  
lindane, the animal will weigh  
about 50 pounds more in October.  
Fifty pounds at 20c per pound is a  
\$10 gain for about 15c cost to keep  
the flies controlled. DDT will last  
about 3 weeks on cattle on pas-  
ture. Heavy rains wash the DDT  
off so spraying again after a rain  
is recommended.

Bag worms on evergreens can  
be controlled with arsenate of lead  
or malathion sprayed on the orna-  
mental shrubs and evergreens in-  
fested with these pests.

The first 4-H club camp at Lake  
West Frankfort for Saline campers  
starts June 24 and ends June 28.  
About 20 boys and girls from Sal-  
ine County will attend. The Farm  
Adviser, Youth Assistant and  
Home Adviser are required to as-  
sist at the camp when club mem-  
bers from their county are in at-  
tendance. The first camp June  
24 is for younger members 10 to  
14 years of age. The second camp  
for the older group 14 to 20 is  
set for July 22 to July 26.

Now is a good time to control  
with 2,4-D and 2,4,5-T in oil. The  
young trees will take over a fence  
row or border of a field if not  
controlled. Spraying kills the roots  
as well as top growth. Cutting does  
not prevent the roots from sending  
up new growth.

Fuel oil or kerosene may be  
used, especially on those most dif-  
ficult to kill. Water and brush  
killer mixed will control those less  
difficult. A suggestion would be  
to use water first then two weeks  
later put oil and brush killer on  
the ones still growing.

## Illinois Farmers '56 Earnings Highest Since in 1951

A farm record summary just  
completed by the University of  
Illinois department of agricultural  
economics shows that Illinois farm-  
ers' 1956 earnings were the high-  
est since 1951. A. G. Mueller, in  
charge of summarizing farm re-  
cords, explains that record-high  
corn, soybean and wheat yields  
and improved cattle and hog  
prices were largely responsible for  
this increase.

Mueller emphasizes that net  
farm earnings can be figured in  
several ways. The method they  
consistently use is to deduct cash  
expenses, depreciation and allow-  
ances for operator and family  
labor from total earnings. The  
amount that remains is net farm  
earnings. Total earnings include  
cash sales, adjustments for change  
in value of inventories and allow-  
ance for value of products con-  
sumed by the family.

In 1956, increases in amounts  
of grain and values of livestock  
inventories on hand at the end of  
the year added materially to the  
increase in net earnings. For  
example, the inventory change on  
northern Illinois hog farmers  
averaged \$4,300.

In southern Illinois, net ear-  
nings averaged \$31 an acre on grain  
farms, \$23 on hog farms and \$28  
on dairy farms. On these same  
farms in 1955, earnings ranged  
from \$2 to \$14 an acre.

In northern Illinois, grain farms  
averaged \$35 an acre, hog farms  
\$38, feeder cattle \$36 and dairy  
farms \$30. In 1955 these same  
farms averaged only \$16 an acre  
on grain farms and \$3 to \$4 on  
livestock and dairy farms.

Soil bank payments added gross  
earnings of \$260 an acre on a  
small sample of central Illinois  
farms that qualified. Very few  
hog and dairy farms in northern  
Illinois received payments.

Mueller reports that cash op-  
erating expenses increased on all  
farms. Northern Illinois farmers  
spent one percent more for op-  
erating expenses in 1956 than the  
year before. Southern Illinois  
farmers spent 12 percent more,  
but 1955 expenses were below  
normal because of recent drought  
years.

The records used in this study  
came from the 4,700 farms co-  
operating in the Illinois Farm Bu-  
reau Farm Management Service.  
Members of the service will re-  
ceive a complete summary of the  
reports so that they can compare  
the earnings of their farms with  
earnings of other farms with sim-  
ilar soil type and enterprises.

## Full Line of Credit For Needs by Farmers Home Administration

A line of credit now available  
from the Farmers Home Adminis-  
tration should help a good many  
farm owners in this area improve  
or build farm buildings, includ-  
ing houses, or provide water for  
household or farmstead use, for  
themselves or their tenants, W.  
H. Robinson, member of the  
Farmers Home Administration  
committee in Saline county, stated  
today.

Mr. Robinson's committee re-  
views applications for all loans  
made by the Farmers Home Ad-  
ministration and helps the county  
supervisor adapt the agency's  
program to local farmers' needs.  
In addition to being a farm  
owner, other eligibility require-  
ments as outlined by Mr. Robin-  
son provide that the applicant  
must have enough income from  
the farm or from other sources  
to meet family living and farm

Two children were counted among the seven victims of the smash-up 10 miles east of Farmington on US 550 while there was still full light.

State Police Sgt. Floyd Miles said it could not be determined who was driving the automobile but a witness said a front tire on the passenger vehicle blew out and caused it to swerve into the path of the oncoming truck.

## To Continue Troop Ceiling, Doctor Draft

WASHINGTON — President Eisenhower has signed legislation to continue present expanded ceilings on troop strength and to extend the doctor draft on a sharply restricted basis.

Separate bills that became law Friday with his signature would: —Continue for another 23 months an existing suspension of permanent law limiting overall armed strength to 2,005,000 men. Present strength is about 2,800,000 men.

—Continue for two years, on a modified basis, the enforced induction of physicians and dentists needed to take care of the troops and, to some extent, their families.

The permanent ceiling on troop strength, suspended since the Korean War, was to have gone into effect on July 31. The new law continues a temporary ceiling of five million men until July 1, 1959.

The doctor draft law had been scheduled to die on July 1. The new law continues it until July 1, 1959. Only those physicians and dentists would be called who, on June 20, had not reached the age of 32 and who earlier had been deferred from the regular military draft.

An estimated 5,100 young physicians will be prodded into uniform under the law in the two-year period, and 2,700 dentists. The term of service is two years.

## Gov't Ends Year With Surplus

WASHINGTON — The government, for all practical purposes, closes its books on the business year today with a surplus of more than one billion dollars.

It marked the second straight year that Uncle Sam's bookkeepers stayed in the black. But there were no shouts of joy because experts estimated the surplus would run from one hundred million to seven hundred million dollars less than President Eisenhower had predicted.

The President last January forecast a budget surplus of \$1,700,000,000.

The Treasury will not come up with a final accounting until later this month. But experts estimated the surplus would be somewhere between \$1,600,000,000 and \$1,200,000,000.

The fiscal year actually ends at midnight Sunday. But since no business is transacted on Sunday, the business year for all practical purposes closes today.

## Doctor Delivers 5 Babies in Hurricane-Ravaged Village

LAKE CHARLES, La. — Red Cross officials told today how an unidentified doctor delivered five babies, including a set of twins, in the hurricane ravaged fishing village of Cameron.

About a thousand persons were jammed in and around the Cameron Courthouse as disaster and death settled down on the tiny village Thursday. Included in the refugees from Hurricane Audrey were several expectant mothers, Red Cross officials said.

Jerry Coran, assistant regional director of the defense for the Red Cross in the Southeast, said he was told a doctor identified only as "Clark" delivered the babies.

Coran said the mothers and children were placed on barges and sent to other south Louisiana cities.

Pastor First Baptist Church

### "Joseph, Man of Mercy"

June 30, 1957  
Genesis 45:3-15

**GOLDEN TEXT:** "Blessed are the merciful: for they shall obtain mercy." (Matthew 5:7).

**INTRODUCTION:** Have you ever seen a person change when success and good fortune smiled upon them? I have. During my seminary training there was a period of about a year that I worked on the night shift in a large factory. It was my privilege to become acquainted with many people. On several occasions, when promotions were awarded by the company, a drastic change in attitude could be seen. Give some folks a little authority and their whole personality will change.

This is a good character detector. The way one reacts to good fortune, or bad, is determined by the kind of character they have. You do know that character is what you are, while reputation is what others think you are, do you not? Joseph did not react to success and good fortune as many others have done. Although he was promoted to the highest position in Egypt by Pharaoh, he seemed never to let his success change his attitude toward others.

**I. JOSEPH'S LOVE (v. 3-4)**

One of the most interesting stories in all of the Bible is found in Genesis 44. There we see Joseph giving his steward instructions to fill the sacks of his brothers with grain. He, also, instructs his steward to place his (Joseph's) silver cup in the sack of the youngest, Benjamin. When these brothers were overtaken outside the city and their sacks searched, the money and the cup were found. They were brought back into Joseph's presence. Joseph demanded that Benjamin be left behind as a ransom.

Juda gave such a heartbreaking plea in behalf of Benjamin and their father that Joseph could contain himself no longer. He commanded everyone else to leave the room and leave him alone with his brothers. It was then that Joseph revealed to them his identity. They

were afraid. He assured them that all was well.

This scene was too tender for Joseph to let outsiders in on. He wanted it to be a family affair. There are some events that all of us want to share only with those nearest to us.

It is interesting to note that the sins that these brothers thought they had covered years before, were now rising to face them when they least expected it. Is that not always the way of covered sin?

**II. JOSEPH'S FORGIVING SPIRIT (v. 5-8)**

Here we see the character of Joseph at its best. Many would say that he would have been justified if he had cast all his brothers into prison. After all, had they not tried to kill him? He could have asserted his authority. However, Joseph forgave his brothers of all their wrongs toward him. He even told them that God had turned all their evil deeds toward him into blessings.

Can you imagine how the wheels must have been turning about that time in the minds of these brothers? Please notice that when Joseph said that he forgave them, that he meant it. So very often people today say they forgive another when they really do not. They continue to carry a grudge. This was not Joseph's way. It is not the Christian way.

**III. JOSEPH SENDS FOR JACOB (v. 9-15)**

Joseph could have sent food home to his father, Jacob. However, this was not enough. He sent his brothers after Jacob and had all of the whole family, including children and children's children, brought back. He gave them the best land in all of Egypt, (Genesis 47:11).

Please note that Joseph fell upon the neck of Benjamin and wept and that he kissed all his brothers. How tender! How forgiving! **CONCLUSION**—Joseph proved himself to be a man of mercy. He proved himself to be a man of great character. Many of the

Samuel Francis Smith was a student at Andover Theological Seminary when he wrote "My country, 'tis of thee." That was in 1832, two years before he was ordained a minister. "America" never became our national anthem—probably because it is sung to the tune of the British anthem, "God Save the King." But it has remained one of our greatest hymns, its words familiar to almost every American. In a simple, moving way it seems to express both the spirit of our nation and the faith of our churches. And in its stirring climax, addressed to the Author of Liberty, these become one. Samuel Francis Smith, with other great Americans, taught us to seek our national welfare in constant religious devotion. He saw no denial of America's freedom—but rather its fulfillment—in the humble acknowledgment: GREAT GOD, OUR KING!

#### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of a character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) Which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

world's ills today could be cured if we had more men like Joseph. Many of the problems found in homes today could be solved if there were more men and women who had mercy, love and a forgiving spirit engrained in their characters. How about that problem or situation confronting you, friend? If you would be a little more merciful, loving and forgiving, would it not help to solve the whole matter?

## Two from State Police Dist. 13 Among 14 Honored

SPRINGFIELD, Ill. — The Illinois State Highway Police Benevolent Group Board has cited 14 officers for outstanding police work during 1956.

The top award of \$100 was divided between Sgt. Ross L. Pautler of Evansville and Patrolman Robert G. Kezely of Olive Branch, both of State Police District 13.

Checks for first, second and third places and the honorable mention citations were presented at an invitational dinner in Springfield attended by the honored officers and their wives and departmental staff officers, including Assistant Safety Director Fay Murock and Police Superintendent William P. Morris.

Pautler and Kezely captured three gunmen who robbed a bank at Campbell Hill, August 1, less than two hours after the men had fled the scene.

Second place award of \$75 was divided between Patrolmen Joseph F. Willis of Olney and Loren L. Leathers of Claremont, both in Richland county. Willis and Leathers apprehended a subject who had escaped from the Olney city police and kidnapped a Noble, Ill., city marshal. The fugitive abandoned the marshal and engaged in a gun battle with the state policemen until reinforcements arrived and the subject surrendered on March 21.

## \$155,875 Savings Bonds Sold in County During May

Saline county residents purchased \$155,875 in Series E and H United States Savings Bonds in the month of May according to figures received from the Savings Bonds Division of the U. S. Treasury Department by Volunteer Savings Bonds County Chairman, Harley H. Shepherd of Harrisburg.

For the first time in twelve months, sales of Series E and H in the state show an increase over the corresponding month of the previous year, according to T. Merle Paul, State Director of the Savings Bonds Division for Illinois. Total sales were \$37,948,111, an increase of 2.3% over May 1956.

In the first five months of this year 41.6% of the annual quota for Illinois has been reached. The 1957 goal is \$444,000,000.

During May national sales were \$388,499,000, with Illinois accounting for 9.8% of the total.

The number of milk cows in the United States declined 1 per cent during 1954.

## Alice Bauer Sets Pace in Women's Open

MAMARONECK, N. Y. — Survivors of a starting field of 95, 24 professionals and 19 amateurs set out after pace-setting Alice Bauer in the U. S. Open golf championship today with the veteran Betsy Rawls favored to overtake her in the final two rounds.

Miss Rawls, a tournament-toughened veteran who has won the Open twice—in 1951 and again in 1953—was three strokes behind Miss Bauer with another former champion, Betty Jameson, five strokes back.

Miss Rawls, with a chance to take the lead, three-putted the final two greens on the second round Friday to card her second successive 2-over-par 74 for a total of 148.

Eight Over Par  
Marlene Bauer Hagge, who tied her sister for the first round lead with a 72, soared to an 8-over-par 81 Friday for a total of 153.

Miss Jameson, who won the Open in 1947, carded her second straight 75 as she bogeyed two of the last three holes.

Seven strokes off the pace at 152 were Betty Dodd of Louisville and Betty Hicks of Long Beach, Calif.

Tied at 153 were three more pros—Mrs. Hagge, Jackie Pung and Jo Ann Prentice. At 154 were Beverly Hansen and the leading amateur in the tournament, Anne Richardson of Columbus, Ohio.

Tied at 155  
Barbara McIntire, the Toledo, Ohio, amateur who lost the Open in a playoff with Mrs. Kathy Cornelius last year, was tied with Mary Lena Faulk at 155 while Peggy Kirk Bell was all alone at 156.

Two of the six former champions in the field, Patty Berg and Louise Suggs, were among five tied at 157. The others were the pre-tournament favorite, Wiffi Smith; Marilyn Smith and Mrs. Helen Siegel Wilson, an amateur from Philadelphia.

Mrs. Cornelius had a two-round total of 160 while Fay Crocker of Uruguay, who won this tournament in 1955, was tied with amateur Judy Frank of Purchase, N. Y., at 159.

Gen. Winfield Scott, U. S. commander in the war with Mexico, was known as "old Fuss and Feathers" because of his insistence on military etiquette and discipline.

## Matter of FACT

Britannica Junior Encyclopedia

Pigeons and doves (the words are interchangeable) may be literary symbols of peace and affection, but actually these birds in the wild state are belligerent and quarrelsome. Domesticated pigeons are generally too well fed to fight, except at mating time when all of these birds, even the tiny ground dove, will fly into a rage at any provocation.

## Pitchers Donovan, Spahn Win Own Games at Bat; Giants Trip Cardinals, 4-1

By United Press

Pitchers normally are supposed to be "out men"—guys who can't hit their weight at the plate—so Dick Donovan of the White Sox and Warren Spahn of the Braves rated some kind of special salute today for batting as well as pitching their teams to first place.

Donovan's ninth-inning single gave the White Sox a 4-3 victory over the Senators and kept them tied for the American League lead with the Yankees, who defeated Kansas City, 5-4, Friday night.

And Spahn cracked out the 18th homer of his career in addition to pitching a five-hitter against the Pirates in a 4-2 victory for the Braves that enabled them to take over the National League lead.

Hal Jeffcoat of Cincinnati, a reformed outfielder, had the best night of all as far as hitting pitchers are concerned. He drove in three runs with a two-run homer and a double in a 7-1 victory over the Phillies.

Jeffcoat hurled a four-hitter while George Crowe contributed a three-run homer and Gus Bell homered with the bases empty to help boost the Redlegs to within a half game of the top. The only run off Jeffcoat resulted from Harry Anderson's homer in the sixth.

In other games, the Giants knocked the Cardinals out of first place by beating them, 4-1, while the game between the Dodgers and Cubs was rained out.

Baltimore tied an American League record with its fourth straight shutout as Ray Moore hurled a three-hitter in blanking Cleve-

land, 6-0, and Boston took over fourth place from Detroit by beating the Tigers, 9-2.

Donovan's game-winning single scored fleet Jim Landis from second base and sent Bud Byerly down to his third defeat. Donovan was credited with his eighth victory although Paul LaPalme and Dixie Howell relieved.

Ancie Enos Slaughter came through with an eight-inning pinch single to score Hank Bauer with the winning run in the Yankees' triumph over the Athletics. Woody Held and Hector Lopez each homered for the A's. Bob Grim registered his eighth win in relief.

Spahn obtained quite a bit of help in his victory over the Pirates when battery-mate Del Crandall connected for a three-run double off loser Bob Friend in the second inning. Spahn had a no-hitter until Roman Mejias singled in the sixth.

Curt Barclay held the Cards to seven hits until the seventh, then weakened and had to be bailed out by veteran Marv Grissom. The Giants got to loser Larry Jackson for two runs in the first inning and then nicked him for their final two runs in the fourth.

Moore's shutout over the Indians gave the Orioles' pitching staff a string of 41 consecutive scoreless innings. The four straight shutouts by the Baltimore staff tied the AL record held by the Indians of 1903 and 1948 and the Yankees of 1932. The Orioles clinched the game with a four-run rally in the sixth when the Indians committed three of their six errors.

## Johnny Busso Wins Decision Over Boardman

BOSTON — Unranked Johnny Busso looked in the direction of lightweight champion Joe Brown today after dumping contender Larry Boardman by the wayside.

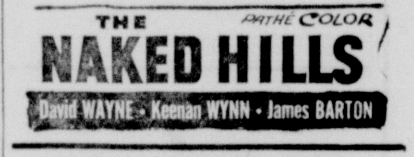

"The first thing we want is to be ranked," said Busso's manager, Nunzie De Lucia, after the Astoria, N. Y., lad's unanimous decision over Boardman Friday night in a nationally-televised 10-rounder from Mechanics Building.

"But we want Brown and we'll take him," said De Lucia. Boardman went into the bout a slight favorite, and was looking to a title match with the elusive Brown. However, the 23-year-old Busso switched places with the 21-year-old Marlboro, Conn., lad, knocking him down twice and going on to carve out a popular decision in a rough and tumble scrap.
